Logo Symbolism Interpretation

The circle (**H**) symbolizes eternity and the cycle of life; the triangle (**A**) represents the Trinity. The circle (**H**) also represents the presbytery, with the large portion of the circle (**G**) representing our member churches and the greater community, and the smaller wedges (**B-F**) representing the presbytery staff, committees, and regions supporting our churches and people. The centered triangle (**A**) communicates continuity and promotes recognition. Circles (**H**) are a universal symbol of wholeness, unity, and cyclic change.
