

from the...

SOUTH REGION

of Grace Presbytery

Bee-lieve it or not, June is here!

At least two things on the threshold of Summer can get us buzzing:

- the opportunity to let our lives shine hope, love, and grace into our relationships and neighborhoods in this summer season of faith, and
- the chance to grow, develop and connect in new ways over the summer and beyond in our next new season as Grace Presbytery!

[What exciting things get you buzzing in your church or community?](#)

Monthly Church Spotlights

Recently, the **Hamilton FPC** welcomed a team of students competing UIL competitions at the state level! Students from the Presbyterian Pan American School were delighted to post their thanks for the church's welcome, which helped the students to take home State Championships in Academics, Speech, and Lincoln-Douglas Debate. #TYFPCHamilton

The church family down at **Rockdale FPC** recently honored the mothers in the congregation. Beautiful flowers and faces gave glory to God as those who have nurtured children in homes, classrooms, and church were honored this past Mother's Day in worship. Thanks be to God for our mothers, and for all the children they get the chance to nurture!

The Rev. Dr. Fred Thrower was duly honored this month as **Central Presbyterian Church of Waxahachie** celebrated his second anniversary serving as their pastor and shepherd. Also pictured is their music director, Dr. Ralph Stannard.

Last month, the congregation at **Waco FPC** celebrated the 2025 Confirmands and their partners and teachers as they completed their faith explorations and confirmation journeys. Welcome Home, Children of God!
